

SolidWorks Software Guide

Version 1.1

How To Access SolidWorks

Using EIT's Remote Lab Instructions

SolidWorks is installed on EIT's remote labs; please refer to the Electromeeet instructions on using the lab list to search for which labs specific software or hardware is on.

Note: On the remote labs – you do not need to buy any add-ons.

Purchasing Instructions –Student version

Students may purchase the student version of SolidWorks here:

<https://store.solidworks.com/studentstore/default.php>
